# Chapter 1

## Personal Info

### 1.1 Contact:

Mail: [israeldi@umich.edu](mailto:israeldi@umich.edu)

Tel: (734) 845-8431

### 1.2 About me

I am a First-Year Masters Student at the University of Michigan studying Quantitative Finance and Risk Management. Currently looking for an internship for Summer 2019 as a Quantitative Researcher at an Investment Bank or Hedge Fund.

# Chapter 2

## Stats 506

### 2.1 Stats 506: Computational Methods and Tools in Statistics

- [Monte Carlo Tutorial](#)
- [HealthCare Common Procedure Trends](#)
- [Interview Questions](#)
- [Hackerrank](#)

## Chapter 3

# My Readme

This is a minimal example of a book based on R Markdown and **bookdown** (<https://github.com/rstudio/bookdown>). Please see the page “Get Started” at <https://bookdown.org/> for how to compile this example.

## Chapter 4

# Literature

Here is a review of existing methods.
